Dear Carson Smith Scholarship Schools:

1)Autism Speaks has recently made a Toolkit for Autism available on their website:  
[http://www.autismspeaks.org/community/family\\_services/school\\_kit.php](http://www.autismspeaks.org/community/family_services/school_kit.php)

This FREE tool kit is not intended to be a curriculum for special education for students on the autism spectrum, but rather a support for the general education and administrative school staff who interact with students with autism in various capacities.

2)Make sure you list that you are a participating school in the Carson Smith Special Needs Scholarship on your website!!

3)As the elections are coming up, this would be a good time to let your legislators and potential legislators know how valuable the Carson Smith Scholarship is to you, your students and their families. The legislators need to hear some positive feedback about the program.

4)As always, thank you for all you do for your students. If you need Carson Smith Scholarship brochures please let me know. I would be happy to send them out to you.

Have a great week!
